

SOOSAN MOUNTED HYDRAULIC PALTE COMPACTOR SC SERIES

Soosan's SC Series of heavy-duty hydraulic compactors can take on the toughest compaction task all day long. Featuring:

- Unique corner shock-mounts tilted at 10 degrees for longer shock life.
- SKF oil-bath bearings that eliminate manual greasing and extend compactor life.
- Permco bi-direction hydraulic motor to improve compactor effectivity.
- Flow-control valve that protects that hydraulic motor and maintains optimum RPM.
- Rugged design to withstand jobstie rigors.
- 6 models with high compaction force from 2,500-22,000 lbs.

SOOSAN MOUNTED HYDRAULIC PALTE COMPACTOR SC SERIES

Specifications - Compactor

Description	Unit	SC250	SC340	SC640	SC800	SC1100	SC2200
Carrier Weight	lbs	5,500-11,000	5,500-15,400	9,900-30,800	13,200-44,000	17,600-55,100	55,100-143,000
	ton	2.5-5	2.5-7	4.5-14	6-20	8-25	25-65
Centrifugal Force	lbs	2,500	3,400	6,400	8,000	11,350	22,000
	kg	1,150	1,542	2,902	3,630	5,147	10,000
Length	inch	30	26	35	38	38.5	49.5
	mm	762	660	900	950	975	1255
Width	inch	11.75	18.75	23.5	24	25.5	33
	mm	298	475	595	610	650	845
Height	inch	18.75	18.75	21.5	24.5	29.5	34.5
	mm	480	480	550	622	750	880
Weight	lbs	265	435	775	975	1,415	2,660
	kg	122	199	353	442	645	1210
Flow Range	gpm	9-25	12-25	12-25	24-40	28-60	40-70
	lpm	34-95	45-95	45-95	90-150	105-225	160-260
Flow Control Setting	gpm	9	13	13	24	30	40
	lpm	34	50	50	90	115	170
Maximum Back Pressure	psi	250	250	250	250	250	250
	bar	17	17	17	17	17	17
